*A Faery Ritual Magic workshop*

***Part of the ongoing Faery Ritual Magic workshop program of Earth Light, Power Within the Land, and The Well of Light.***

A New Initiative first launched at the June 2012 Fairy and Human Relationship Congress (WA).

Oak Ash and Thorn are the faery trees that will bring together the sacred spirits of ancient Britain and America. Join us for this remarkable new workshop drawing on powerful ancestral faery magic, offering methods that have long been hidden, now re-created for the present day, and taught for the first time. This is part of a series of workshops building a network and membership of traditional Oak Ash and Thorn faery magic practices.
